

Volunteering and Donations

The Sonoma County community has demonstrated great generosity with requests to donate goods. At this time, we ask you to wait for an assessment of need to be completed to determine what items are needed for donations. Instead, we recommend you give in one of the following ways:

- If you would like to volunteer with fire relief efforts, please contact the Sonoma County Volunteer Center at [707-573-3399](tel:707-573-3399).
- If you wish to make donations of food, the Redwood Empire Food Bank is accepting ready-to-eat, non-perishable foods for evacuation centers. These foods should be easy to open and easy to eat - many shelters do not have kitchens for heating and preparing food. Please do not bring glass containers. Deliver donated food to 3990 Brickway Blvd. between the hours 8am-8pm. They also need volunteers to help with food and are accepting financial donations as well. Sign up online at <http://refb.org/volunteer/>.
- For financial donations, the Redwood Credit Union has established a North Bay Relief Fund, 100 percent of donations go to fire victims. Go to www.redwoodcu.org/northbayfirerelief to donate.
