NEW RESTRICTIONS FOR SONOMA COUNTY DUE TO RECENT RAPID SPREAD OF COVID-19

On July 13, 2020, the state of California issued new restrictions for Sonoma County and counties across the state in an effort to slow the recent rapid spread of COVID-19 statewide. These new restrictions require the closures of indoor gyms and fitness centers, hair salons, worship services, malls and other operations. These are in addition to the restrictions announced on Friday, July 10 for the State of California, which prohibit indoor operations at restaurants, bars and brewpubs, movie theaters, museums and other businesses as a means of discouraging large indoor gatherings.

The public can see [what's open and what's closed in Sonoma County](#), and find more details about these new state restrictions by visiting the [Guidance on Closure of Sectors in Response to COVID-19](#) on the California Department of Public Health website.

We must all do our parts to slow the spread of the coronavirus: wear a mask when in public settings indoors or outdoors when you cannot maintain a 6-foot distance between yourself and others outside your household, maintain social distance in all public situations, wash hands frequently and thoroughly, cover a cough or sneeze, and stay home when sick. You will find information and resources on the [City's COVID-19 page](#) and the [SoCoEmergency page](#).

REUSABLE BAGS ARE NOW ALLOWED IN GROCERY STORES AND RETAIL ESTABLISHMENTS

REUSABLE BAGS ARE NOW ALLOWED IN GROCERY STORES AND RETAIL ESTABLISHMENTS; CUSTOMERS MUST BAG THEIR PURCHASES

As a result of COVID-19, on April 23, 2020, Governor Newsom issued Executive Order N-54-20 which included a 60-day suspension of California's plastic bag ban, including charging for single-use paper bags. The local ordinance was temporarily postponed so that store operators could adhere to the Order administered by the Sonoma County Health Officer prohibiting reusable bags.

Starting June 18, 2020, under an updated Order of the Sonoma County Health Officer, establishments may once again allow reusable bags, but customers are required to bag their own purchases. To further limit unnecessary exposure to employees, it is recommended that customers leave their bags inside a cart or basket, and refrain from placing personal bags onto high-touch surfaces such as checkout counters and conveyor belts. If possible, it is also recommended to wash bags in between uses.

Zero Waste Sonoma has not made any changes to the existing Carryout Bags Ordinance and retailers who have temporarily waived required bag charges must reinstate the charges and may begin to allow customers to use their personal reusable bags while adhering to safety protocols.

Zero Waste Sonoma is sensitive to the health and safety of our residents, and at the same time, is aware of a significant increase in single-use items as a result of the pandemic. Single-use plastic items escape into our environment and waterways and threaten habitat and wildlife at a far higher rate than their durable, reusable counterparts. As an organization whose mission is to reduce waste and divert material from landfill, we wish to remind retailers and shoppers in Sonoma County that reusable bags are still the best option and that they are safe to use when protocol is followed.

For more information, updates, and downloadable materials for store operators, visit www.zerowastesonoma.gov/carryoutbags.

ARE YOU READY FOR FIRE SEASON?

WILDFIRE IS COMING. ARE YOU READY?

In his daily briefing on July 9 Governor Gavin Newsom reported that there are early indications that we may suffer an especially robust fire season this year. He urged all Californians to step up their emergency planning for wildfires, including maintaining defensible space around the home, having an emergency plan in place, preparing a “go-bag” (including masks, gloves, and sanitizer), evacuating if ordered, and knowing several routes out of town. See the links below for more information and resources.

See the [Fire Department Page](#) for More Information and Additional Resources

Governor Newsom also reassured citizens that, in the case of evacuation, planning is in place for emergency shelters that will operate under COVID-19 social distancing guidelines.

PLANNING DEPARTMENT NEWS

MEETING REVIEWS:

At its July 14 meeting, the Planning Commission, which also serves as the City's Parks Commission, reviewed the concept designs for the replacement of the east-west path through Ives Park. The scope of the project is to redesign the pathway to meet current accessibility standards, add a portion that connects the main pathway to the picnic area in the southwest corner, and to implement the Ives Park Master Plan, which was adopted in 2013. Other project goals include reducing the amount of asphalt paving (there will be 3,500 square feet less asphalt in the new design), providing additional pervious areas around trees and the creek where possible.

The Landscape Architect will begin construction documents next, with construction anticipated to be done in phases.

Please continue to practice water conservation as much as possible. Things are green now, but California is still technically in a drought, with Sonoma County showing "Moderate Drought" conditions. Click [here](#) for more information.

BROAD COVID-19 VIRAL TESTING NOW AVAILABLE

Get tested and help Sonoma County open safely. Viral tests are quick, easy, and free.

Community-wide testing is a critical step toward re-opening the County and allows us to identify and increase our understanding of COVID-19 community transmission. This includes collecting a broad sample of results from people with or without symptoms. We know that upwards of 40% of people who test positive experience no symptoms (asymptomatic), but are still spreading the disease.

Those who are tested will be assessed for the need to quarantine. Only those individuals with a temperature and flu-like symptoms will be required to quarantine while they await

test results. Most will be free to continue their regular shelter in place while they await their test results.

For more information about testing and to find testing locations visit the [SoCoEmergency website](#).
