**WE NEED YOUR INPUT!  
PLEASE TAKE THE WATER METER SURVEY  
TODAY!**

# SEBASTOPOL WATER METER SURVEY

The ongoing drought emergency has made water conservation a top priority in our community. The City of Sebastopol is exploring ways to give its water customers tools to gain greater control over their own usage and to be alerted to leaks in real time.

Many other water providers in our region have found success with cellular water meters and an accompanying app where customers will have instant access to this information.

If you're a Sebastopol Water customer (meaning that you live within Sebastopol City Limits, are not on a well, and receive a bill for your water use from the City of Sebastopol) and haven't already done so, please take a [short survey](#) and let us know if you feel that such a program would be of value. Survey results will be shared with the City Council to help inform their decision-making process about the cellular water meter program. Survey ends October 1.

Here are details about the product and app for your review if you'd like more information before filling out the survey:

## WATER CONSERVATION TIP OF THE WEEK

Water savings are urgently needed. See the City's [Water Conservation page](#) for actions you can take to reduce water usage and check out these indoor and outdoor water conservation tips from the [Sonoma-Marín Saving Water Partnership](#).

Here's this week's tip to help you reduce your water consumption:

- **Put food coloring in your toilet tank. If it seeps into the bowl without flushing, there's a leak. Fix it and start saving gallons. Fixing a leaky toilet can save 30 gallons per day. It's critical that we all do our part to save water.**

Masks are optional for everyone

**On School Buses**  
Masks are required for everyone

April 2021

At PG&E, our most important responsibility is the safety of our customers and communities. **During severe weather, we may need to turn off power for public safety. To learn more about PSPS events, visit [pge.com/psps](https://pge.com/psps).

- Forecast of high winds** above 20 mph and **wind gusts** in excess of ~30-40 mph
- Condition of dry material** on the ground and low moisture content of vegetation
- Red Flag Warning** declared by the National Weather Service

## ASK SLOW CAT!

**THIS WEEK'S QUESTION:** Is there a reporting mechanism people can use when they see excessive water use?

**ANSWER:** The City of Sebastopol Public Works department has created door hangers with water conservation tips. Please contact Public Works if you see an opportunity in your neighborhood where we can help educate property owners on how to prevent water waste. Our staff will take

care of making contact with the property owner and will leave them with a handy door hanger. Call Public Works at (707) 823-5331 or email [citypw@cityofsebastopol.org](mailto:citypw@cityofsebastopol.org). with the property address.
