WE NEED YOUR INPUT ON TRAFFIC SAFETY IN SEBASTOPOL

City of Sebastopol Local Road Safety Plan

What is a Local Road Safety Plan?

A Local Road Safety Plan (LRSP) is a safety planning process that uses a systematic data-driven analysis to proactively address local roadway safety needs, evaluating input from multiple key stakeholders. The LRSP will include stakeholder engagement that represent the 5 E's of Traffic Safety: Engineering, Enforcement, Education, Emergency Response, and Emerging Technologies.

Did you know? According to the FHWA crash statistics, at least 40% of all vehicle fatalities in the US are on local roads! That is an alarming number, and surprisingly three-times higher than interstate systems. LRSPs provide targeted solutions in addressing the roadway safety needs within your community.

Here's how to get involved in the process:

1. Interactive Project Map. Are there areas of concern that you feel need special attention? Let us know through the interactive map.
2. Project Survey. Share your thoughts on safety issues within the city by taking a quick survey.

Get involved, [CLICK HERE](#) to share your input and learn more about the process.

IVES PARK / CALDER CREEK NATURALIZATION PROJECT UPCOMING MEETING - DEC. 14

PLANNING COMMISSION CALDER CREEK NATURALIZATION MEETING

DECEMBER 14, 2021 AT 6PM

The City of Sebastopol adopted the Ives Park Master Plan in March 2013. One important component of this plan is to 'naturalize' Calder Creek, which runs through the park in a concrete channel. The City is working with WRI (Waterway Restoration Institute) and a Switzer Foundation Fellow to help envision what the naturalization of Calder Creek could be, both within Ives Park, as part of the Master Plan, as well as up-and down-stream. There will be several community meetings on this project, hosted by the Planning Commission, which also serves as the City's Parks Commission.

SHOP LOCAL FOR THE HOLIDAYS

The closer you shop to home, the further your money goes. When you buy local significantly more money recirculates in local communities. When you shop at locally owned, independent businesses more money is kept in the community because local businesses often purchase from other local businesses, service providers and farms. Buying locally helps grow other businesses as

well as our region's tax base. Local independent businesses invest 3 times more money back into the local economy than non-local businesses.

ONE HOUR PARKING LIMITS SUSPENDED ON MAIN STREET

Now it's even easier to shop in Downtown Sebastopol. One hour parking limits will be suspended on Main Street in Downtown Sebastopol through the month of December.

WINTER HOLIDAY FIRE SAFETY

Winter Holiday Fire Safety

Did you know?

Nearly half of holiday decoration fires happen because decorations are placed too close to a heat source.

It's fun to decorate for the winter holidays, but holiday decorations can increase your risk for a home fire. As you deck the halls this season, be fire smart.

- ✔ Inspect holiday lights each year before you put them up. Throw away light strands with frayed or pinched wires.
- ✔ Water your Christmas tree every day. A dry tree is dangerous because it can catch on fire easily.
- ✔ Consider using battery-operated flameless candles, which can look, smell and feel like real candles.
- ✔ If you do use lit candles, make sure they are in stable holders and place them where they cannot be knocked down easily.

For more information and free fire-safety resources, visit

Put a **FREEZE** on Winter Holiday Fires

It's fun to decorate for the winter holidays, but holiday decorations can increase your risk for a home fire. As you deck the halls this season, be fire smart.

 <p>Half of the home decoration fires in December are started by candles.</p>	 <p>More than 1/3 of home decoration fires are started by candles.</p>	 <p>Christmas is the peak day for candle fires.</p>
 <p>Keep candles at least 12 inches away from anything that burns.</p>	 <p>A dry Christmas tree can burn very hot and very fast.</p>	 <p>More than 1 in every 5 Christmas tree fires were caused by a heat source too close to the tree.</p>
 <p>Read manufacturer's instructions for the number of light strands to connect.</p>	 <p>Make sure your tree is at least 3 feet away from heat sources like fireplaces, radiators, space heaters, candles or heat vents. Also, make sure your tree does not block exits.</p>	 <p>Get rid of your tree after Christmas or when it is dry.</p>

WATER CONSERVATION TIP OF THE WEEK

Water savings are urgently needed. See the City's [Water Conservation page](#) for actions you can take to reduce water usage and check out these indoor and outdoor water conservation tips from the [Sonoma-Marín Saving Water Partnership](#).

Here's this week's tip to help you reduce your water consumption:

- **Insulate your pipes.**
We waste a lot of water waiting for the shower water to turn hot. Insulating pipes can help avoid water waste as insulating promotes faster heating. It's critical that we all do our part to save water.

CITY OF SEBASTOPOL FACADE IMPROVEMENT PROGRAM ACCEPTING APPLICATIONS

The City of Sebastopol offers a program aimed at encouraging local businesses and property owners to improve commercial and industrial buildings. Upgrades, maintenance, and aesthetic enhancements will benefit the entire community and enhance the local economy.

With these objectives in mind, subject to funding availability, the Sebastopol Façade Improvement Program will provide a rebate for expenses incurred on new exterior property improvements made to commercial

or industrial buildings within the City of Sebastopol.

The program will reimburse a property owner or tenant for 75% of new improvements up to \$2,500. Eligible improvements include painting, new signage, awnings, landscaping, exterior lighting, and local permit fees. Façade building improvements (new windows, changing materials, etc.) are also eligible; however, please note that larger changes may require Design Review approval as well.

The objective of the Façade Improvement Program is to provide an incentive to property owners and/or tenants to enhance the physical appearance of buildings and landscapes. This public/private partnership investment is intended to leverage private capital with public funds for greater community economic benefit.

To apply for the program a building owner or tenant, with the owner's approval, should fill out the attached application and include bid estimates for the proposed improvement(s). The Planning Department then reviews the submitted application for completeness and batches them to be reviewed on a quarterly basis by the Design Review Board for approval. Deadlines for applications for Fiscal Year 2021-2022 are:

- **Tuesday, January 18, 2022**
- **Tuesday, April 19, 2022**

It is anticipated that the Board will hear the Façade Improvement Submittals on February 16, 2022 and May 4, 2022 or May 18, 2022. Note, funding is limited based on the adopted City Budget. Funding may be entirely allotted in early rounds.

Applications are required to be submitted a minimum of two (2) weeks before the scheduled Design Review Board Meeting. If an application is submitted after the quarterly deadline it may be pushed to the following meeting.

If you would like to apply for or discuss the program in more detail, please contact Kari Svanstrom, Planning Director at (707) 823-6167 or KSvanstrom@cityofsebastopol.org
