SEVERAL COUNTIES RECOMMEND MASKING INDOORS FOR EVERYONE AS A PRECAUTION AGAINST INCREASED CIRCULATION OF COVID-19

With cases of COVID-19 rising locally and increased circulation of the highly transmissible Delta variant, the Counties of Alameda, Contra Costa, Marin, San Francisco, San Mateo, Santa Clara, Sonoma, and the City of Berkeley recommend that everyone, regardless of vaccination status, wear masks indoors in public places to ensure easy verification that all unvaccinated people are masked in those settings and as an extra precautionary measure for all.

CITY COUNCIL APPROVES RESOLUTION FOR STAGE 2 WATER CONSERVATION MEASURES AT THE JULY 6 COUNCIL MEETING

In May, the Sebastopol City Council passed a Stage 1 Water

TAKE THE WATER METER SURVEY!

SEBASTOPOL WATER METER SURVEY

With water conservation a top priority, the City of Sebastopol is exploring ways to give its water customers tools to gain greater control over their own usage and to be alerted to leaks in real time. Many other water providers in our region have found success with cellular water meters and an accompanying app where customers will have instant access to this information.

We are conducting a short survey of water customers to gather input on whether or not they feel that such a program would be of value. Survey results will be shared with the City Council to help inform their decision-making process about the cellular water meter program.

This survey will end on October 1, 2021.

WATER CONSERVATION TIP OF THE WEEK

Water savings are urgently needed. See the City's [Water Conservation page](#) for actions you can take to reduce water usage and check out these indoor and outdoor water conservation tips from the [Sonoma-Marin Saving Water Partnership](#).

When you give your pet fresh water, don't throw the old water down the drain. Use it to water your trees or shrubs.

Here's this week's tip to help you reduce your water consumption:

- **When you give your pet fresh water, don't throw the old water down the drain. Use it to water your trees or shrubs. It's critical that we all do our part to save water.**

CHECK OUT WATER UPGRADES \$AVE, A WATER- AND MONEY-SAVING PROGRAM

**Lower your utility bills
and save water!**

A SPECIAL OFFER FOR SEBASTOPOLE
WATER UTILITY CUSTOMERS

The City of Sebastopol is proud to offer Water Upgrades \$ave, a water efficiency program that helps you save water and money.

Are you a single-family homeowner or renter?

It's simple to participate — enroll online or by phone and schedule a free home assessment to select the water efficiency upgrades that make the most sense for your

property. The Program installs the upgrades with little-to-no upfront cost, and you pay a fixed on-bill charge that is lower than the estimated savings — so you begin saving right away.

Indoor upgrades include high-efficiency toilets, showerheads, and aerators; future outdoor upgrades will support conversion to drought tolerant landscaping.

Participants get new building code-compliant upgrades that improve the property while reducing their water, sewer, and water-heating costs.

Are you a multi-family property owner?

Contact us today to schedule a project assessment and identify your savings opportunity.

Vice Mayor Gurney said that while “the Water Upgrades \$ave program will benefit local governments by buffering the impact of our rate increase, it will also help our local citizens by giving them an affordable tool to lower their water and energy use.”

For more information, go to the program website www.waterupgradessave.org or call us at 877-846-8795.

ASK SLOW CAT!

THIS WEEK'S QUESTION: Isn't the fountain recirculating the same water? Why turn it off?

ANSWER: Although the water in City fountains is recirculated, there is loss through evaporation, especially during the hot summer months. We are also encouraging everyone to save water so that we can achieve a 25% reduction in overall use. Emptying the fountains sets an example and serves as a reminder that we must all conserve in order to make it through the drought. We're trying to come up with an art project or something that will make the empty fountains look a little less sad!
