MICAH & MICHELLE SAWYER ARE LOCALS WHO MAKE A DIFFERENCE

Micah and Michelle Sawyer were recognized as “Locals Who Make a Difference” honorees at the September 7 City Council meeting. They have shaped their lives around giving back to the community that they live in. Tireless volunteers, they focus their attentions on providing warm clothing and food to the local unhoused population, drug addiction prevention and awareness, and supporting youth through sports and agriculture programs. Marked by the tragic loss of Micah’s 22-year-old son Micah, Jr. to a fentanyl overdose in 2019, the Sawyers have created “Micah’s Hugs.” The 501c3 nonprofit is dedicated to raising awareness of addiction and mental health issues through

education. Their hope is that removing the stigma that surround these issues will encourage those suffering from them to seek help. At the beginning of the pandemic, the couple temporarily closed the family construction business and spent much of their time and energy making and donating masks and hand sanitizer to those who needed them. Learn more about the Sawyers [here](#).

PUBLIC WORKS STAFF REPLACED DAMAGED ADA LIFT AT IVES POOL

Public Works staff replaced the old damaged ADA lift at Ives Pool this week with a new unit. This device is essential for mobility challenged individuals to participate in the water exercise classes. It's always very satisfying for our Public Works crew to assist the community with access to our public facilities.

IVES PARK IMPROVEMENTS FROM ROTARY GRANT AND

SPECIAL DONATION IN PROGRESS

The City of Sebastopol has been working with our local Rotary service groups on potential improvement projects for Ives Park. The Rotary Foundation has approved our district grant to implement repairs and improvements to the wood stage as well as replacing the old plastic pipe playground border with an attractive redwood border material. These Rotary improvements are valued at approximately **\$9,000** and are being donated at no cost to the city.

Local residents Kurt Noble and Kate Haug made a donation toward the Children's Playground to improve the fencing, install a 36" live Oak, and purchase a redwood Picnic Table from the Probation Camp program. They also donated to the Rotary to help replace the plastic pipe border.

On Monday, September 13th the Rotary worked on and completed improvements to the wooden stage, including the install of an accessible ramp. They plan on working on the improvements to the playground perimeter on Monday, September 27th.

**WE NEED YOUR INPUT!
PLEASE TAKE THE WATER METER SURVEY
TODAY!**

The ongoing drought emergency has made water conservation a top priority in our community. The City of Sebastopol is exploring ways to give its water customers tools to gain greater control over their own usage and to be alerted to leaks in real time.

Many other water providers in our region have found success with cellular water meters and an accompanying app where customers will have instant access to this information.

If you're a Sebastopol Water customer (meaning that you live within Sebastopol City Limits, are not on a well, and receive a bill for your water use from the City of Sebastopol) and haven't already done so, please take a [short survey](#) and let us know if you feel that such a program would be of value. Survey results will be shared with the City Council to help inform their decision-making process about the cellular water meter program.

Survey ends October 1.

Here are details about the product and app for your review if you'd like more information before filling out the survey:

Water-conserving Sebastopol residents can stop by the Public Works Department office at 714 Johnson Street Monday through Thursday 8 AM to 4:30 PM to pick up a bucket.

As the Sebastopol Buckets were purchased with water enterprise funds we are asking that the buckets be supplied to current residents that have a City of Sebastopol Water account.

Use your new Sebasto-Pail to collect the running water while you wait for hot water and use it to water plants. It's critical that we all do our part to save water.
